

CUB PACK REPORT

7th June, 1950.

The Pack after operating for about 2 months now has 18 members in uniform. Five recruits have made their Promise in the past 2 weeks, and three proficiency badges have been earned.

On Saturday 19th May a hike was held with every member attending. We spent the day behind the aerodrome, doing Star Work and playing games, and from all appearances the outing was enjoyed by all.

Our first Church Parade was held on Sunday 28th May and there was an excellent attendance.

At the Scout Ball on Friday 2nd June Cr. Robinson approached me wanted to know how St. Aidan's Pack was going and he offered to do all he can to help us.

As it is most apparent that we cannot in the future continue to function under the name of 1st Essendon, I have approached the D.C. about forming ourselves into another Group, but giving him to understand that nothing has been decided yet, and that we were waiting on the Committee for their decision.

We, the leaders, have discussed the matter and when the break is made, would like to be called 1st Strathmore. We have the D.C. permission where the name is concerned, and are going to check up and find out the colours of Strathmore, using them for our scarf. Should there be a shield, suitable for use at the back of our scarf, H.Q. will write and ask I.H.Q. for permission of same  
(This matter has been discussed with H.Q.)
