Parent Helpers??? What's this??

Dear Parents

This year we are asking parents to come along to Cub nights to help leaders with the general running of the program, and to experience first hand what your child is doing in Cubs.

We have rostered on one family per week. If you cannot make the week you are rostered on, it is your responsibility to contact another family on the roster and swap weeks with them.

You will be given an outline of your specific jobs for that week. This may vary week to week, but in general you will be involved in:

- Setting up for activities
- Supervising games
- Supervising cubs at an “activity station”
- Joining in the fun!

We know you will enjoy experiencing a Cub night with your child!

We look forward to seeing you there.

Regards

Neil, Nina & Quentin
